Finalists will receive one point for each correct answer and zero points for incorrect answers or unanswered questions. The five students with the highest scores at the end of round 2 will advance to round 3. The third round will include questions from a panel of judges regarding the student's essay submission. The student with the highest cumulative score at the end of the third round will be determined as the First Place Winner of the Local Civics Bee Competition. The state competition will be a live event with the top three finalists from each Local Civics Bee Competition in that state competing against each other. Participants will answer two rounds of civics-based quiz questions. Finalists will receive one point for each correct answer and zero points for incorrect answers or unanswered questions. The five students with the highest scores at the end of round 2 will advance to round 3. The third round will include a 3-minute pitch from each state finalist about the essay they submitted for the local competition. This will be followed by questions from a panel of judges regarding the pitch and essay submission. The student with the highest cumulative score at the end of the third round will be determined as the First Place Winner of the State Civics Bee Competition. Second and third place winners will also be announced.

The national competition will be a live event with the top finalist from each State Civics Bee Competition competing against each other. Participants will answer rounds of civics-based quiz questions. Finalists will be eliminated based on the accuracy of their answers to the questions. Finalists will also deliver a pitch of the topic and solutions they wrote about in their essay and may be asked to participate in a group-solve challenge as part of the live event. The finalist with the highest cumulative score at the end of the competition will be determined as the First Place Winner of the 2024 National Civics Bee Competition. Second and third place winners will also be announced.

In the event of a tie at the end of the quiz rounds at the local, state, or national competitions, the students who are tied will participate in a tiebreaker round where they will answer additional civics-based quiz questions until the tie is broken.
